REDWOOD ACADEMY

Senior Phase GRADES 7 TO 9

SENIOR PHASE OVERVIEW

The Senior Phase prepares learners academically, socially and emotionally for the demands of high school and the FET Phase.

Learners are encouraged to think independently, develop discipline and take ownership of their academic growth within a supportive and structured environment.

Technology-enhanced learning, strong educator support and practical teaching approaches allow learners to build confidence while preparing for more advanced academic challenges.

Our educators work closely across grades to ensure continuity, consistency and a smooth transition into the matric years.

GRADE 7

Grade 7 introduces learners to a more academically demanding environment with additional subjects and increased responsibility.

Educators guide learners carefully through this transition while helping them develop effective study habits, organisation skills and academic confidence.

GRADE 8

Grade 8 marks the beginning of the high school journey.

Learners are supported through this exciting transition as they adapt to new academic expectations, routines and responsibilities.

GRADE 9

Grade 9 is an important year in which learners begin making subject choices for the FET Phase. Educators provide continuous guidance, career insight and subject counselling to help learners make informed decisions aligned with their strengths, interests and future goals.

EXTRA-CURRICULAR ENRICHMENT

A variety of enrichment activities are offered to complement the academic program and encourage creativity, confidence and personal growth. Programs may vary depending on demand and availability.

Extra-curriculars offered:

- STEM learning
- Coding and Robotics
- Computer Literacy
- Islamic Studies (Madressah Optional at an extra cost.)

SPORTS & PHYSICAL DEVELOPMENT

Redwood Academy encourages active participation in sport as part of a balanced educational experience. Learners have opportunities to participate in various sporting activities aimed at promoting teamwork, discipline, confidence, fitness and school spirit.

The school participates in inter-school sporting activities and continues to expand its sporting offering and facilities. The following sports are offered:

- DWAF Tennis
- Soccer - trained and accredited coaches (SAFA) have partnered with Wolves
- Netball
- Table Tennis
- Chess
- Swimming classes (after school option). We are affiliated to the Lenasia Sports Schools and compete in inter-school fixtures with other schools in Lenasia.

TECHNOLOGY & CODING

Teachers use projectors and smart boards or interactive screens for class lessons.

Coding classes using the code.org platform are offered to learners. Learners must bring along an iPad or Tablet PC (such as Samsung Galaxy) for these activities.

Learners follow an excellent Robotics program called Marty. Virtual Reality (VR) Goggles are used to enhance the learning process. We also focus on general Computer Literacy.

“

The Redwood Tree

My father once told me a story about an old Redwood tree –
How she stood tall and proud –
Her sprawling limbs clothed in emerald green.

With a smile,
he described how she was a mere sapling -
sheltered by her family and basking
in the safety of the warm, dappled light.

But as this tree grew taller,
she found herself at the mercy of the cruel wind and the vicious rain.
Together, they tore relentlessly at her pretty boughs,
until she felt as though her heart would splinter.

After a long, thoughtful pause, my father turned to me and said:
“One day, the same may happen to you, and when that day comes –
remember the Redwood tree.

Do not worry about the cold wind and the vicious rain –
do as that tree did and just keep growing”
