OUR METHODOLOGY

The Redwood Academy pre-school program is designed to make sure that learners are ready for mainstream school. We believe that children learn most from experiences in which they are directly involved. Our curriculum is delivered through a variety of core experiences and daily discovery where we incorporate learning through play using hands-on activities.

We offer a dynamic, multi-cultural environment where educators know each child and your child will never be lost in a large school environment and never fall between the cracks.

THE NEW REDWOOD ACADEMY

The new Redwood Academy campus is nestled in the heart of Lenasia in a safe and convenient area.

The classrooms, studios, laboratories and centers all form part of our school's beautiful architecture which incorporates the necessary sporting facilities.

The pre-school play area includes spacious and secure play areas with jungle gyms.

EXTRA-CURRICULAR ACTIVITIES

These extra-curricular activities will be provided free to all learners:

- Coding and computer literacy for young learners.
- Robotics using the Marty system.
- Swimming classes (to commence once the indoor pool is ready).
- Soccer - Wolves and Hola Skoka
- Netball

Other extra-curriculars will be offered based on demand. Examples include:

- Arts and Crafts
- Cubs Cricket
- Aroma Kids Aroma Therapy
- Li'l Einsteins Science and Tech
- Playball Kinesthetics

TECHNOLOGY

Teachers use projectors and smart boards or interactive screens for class lessons. Coding classes using the code.org platform are offered to learners. Learners must bring along an iPad or Tablet PC (such as Samsung Galaxy) for these activities. Learners follow an excellent Robotics program called Marty. Virtual Reality (VR) Goggles are used to enhance the learning process. We also focus on general Computer Literacy.

The Redwood Tree

My father once told me a story about an old Redwood tree –
How she stood tall and proud –

Her sprawling limbs clothed in emerald green.

With a smile,

he described how she was a mere sapling –
sheltered by her family and basking
in the safety of the warm, dappled light.

But as this tree grew taller,

She found herself at the mercy of the cruel wind and the vicious rain.

Together, they tore relentlessly at her pretty boughs.

Until she felt as though her heart would splinter.

After a long, thoughtful pause, my father turned to me and said:

“One day, the same may happen to you, and when that day comes –
remember the Redwood tree.

Do not worry about the cold wind and the vicious rain –
do as that tree did and just keep growing”

- - Lang Leav (adapted)
